

# Be Bus Aware

## Pedestrians

Wait until the bus has gone then use a safe place to cross.

Stay alert and cross with care.

## Motorists

Buses can't stop quickly. Give buses space if overtaking.

Slow down to 40 when bus lights flash.

## Passengers

Always buckle up if there is a seatbelt on the bus.

If you have impaired mobility, sit near the front and stay seated until the bus has stopped.

## Riders

Take care around buses.
